How are you really doing ?

Are you enjoying your weekend ?

I'm sorry for if the screen is not that good

I will have to save up money to buy a new phone I think
(the video is called : the Nasty bit. you can watch it on
youtube)

I have just finished working

It is Saturday

it is the 12th day in a row

I hope you don't mind that I lay down

as I'm working more, I will need to rest more

I'm walking

I'm walking like every day ,my legs need to rest

I have prepared the cup of coffee

I've rolled a few tobaccos

you can get a cup of coffee too

I am not sharing my progress with you to to brag

or and I'm not thinking like uh look how great I am

I just share it to help you and inspire you

because my message

my core message is and will be

if I can do it so can you

because if a guy with a mental disability can work 7 days a
week

then so can you

you can do it

absolutely

this is not a video or book that I should make it

should also not be online

so I will

I will warn you

if you can't laugh at yourself

if you can't laugh at your own shortcomings
and your own mistakes and the stupid things you do
if you can't laugh at other people's shortcomings
and stupid stuff they do
then you should not watch this video or read this booklet
so do you
do you ever wake up and you really have to go pee
like really bad
and you just can't hold it and instead of going down to the
toilet
you
you just go to the bathroom and you pee in the sink
you ever pee while you are taking a shower in the shower
have you ever been taking a shit and you wipe your ass
and you're it's a long shit
you're a long time in there and you wipe your ass
and you wipe again and again and again and again
and then you flush and you flood the toilet
have you ever taken a shit and you're you're like tired and
unaware
and you don't shower
you do wipe but you don't wipe good enough
and then you're on the bus or the train going somewhere
then it starts smelling like shit, and you're just unaware
that it is your ass stinking
have you ever drank so much alcohol that
that you became sick and you throw up
but you're too tired and too ill to clean it up and you just go
to bed
and the next day the sink is full vomit from it and it stinks
and then you clean it
and that evening you get drunk again
you just don't learn the lesson
well I'm glad that's a thing of the past
I'm sober for more than 50 days
and I will stay sober for the rest of my life

let me take a sip of coffee
do you drink coffee after 3:00 in the afternoon ?
you shouldn't because the caffeine
caffeine that's in it works for 6 hours and it will prevent you
from falling asleep
do you drink black tea or green tea because you think it's
healthy in the evenings
well it has theine in it which is the same as caffeine and it
will prevent you from falling asleep
so you should drink teas like mint or Camonmille
they don't have theine in them and they're much better
I also don't drink coffee after 3:00 or 3:30 in the afternoon
so this will be my last cup
or maybe after this one another one
and that would be the last one
you been fucking ,but you couldn't come ?
that's sucks ass
have you ever ordered an escort and she was sucking your
dick
but because of the nerves you couldn't come
it sucks ass
if you ever ordered an escort, a really beautiful one
because you think
well don't have a girl
girl friend
not fucking for a long time it's not healthy
so I'll do it this way
I'll pay and get get some get some fucking going on
and then you drink too much and you're fucking and you
can't come because of the booze
Have you ever ordered an escort and paid extra
and you fuck her ,and you came on her face ?
well I did
have you ever ordered the escort and you paid extra so you
can fuck her in the ass ?
well I did

and that's uh legal here in the Netherlands by the way
it's a whole industry
it's uh it's a bit dirty and nasty for women to know about
you
so that's why this video and booklet is not for women
but those were my sexual fantasies
and I got to live them
I got to experience them
and when I die
I'm going out with a smile on my face
no unfulfilled desires
not a life of quiet desperation
but a good life
I lived
I did the things I wanted to do
I fulfilled my desires
I worked
I contributed
I loved
I cried
I felt sad
I felt happy
I gave
I helped out
I achieved some goals and now I'm achieving more goals
I'm not going to have regrets
have you ever fallen in love with a girl
and then you message her on Facebook
you send your sweetest messages
you send the joke
you send a poem
you ask about her day
you get a book of jokes, to find a good joke to make her
laugh
and then she just blocks you
and you're are stubborn and persistent

and you keep messaging her on another social media, on
LinkedIn
and then you get blocked again
and you're stubborn like a jackass ,like I am
and then you start messaging her on Instagram
and you sing her a song
and you translate the song to her
and you ask her about her day
and you send hugs and kisses
and you don't know where she lives
you don't know the address
but you know the address of her work,
so you send presents
you send a mug
you send a Valentine's card
you sent not one chocolate bar but seven
you send books
you send another mug with her, how do you call it ?
pet name on it
and then you get a letter
which says you should not be stalking her
and if you continue ,she will report you to the police
so how about that ?
all the things I have mentioned , I have done
yeah
you must probably be thinking
man you are really good like making an ass out of yourself
but who cares ?
four or five people will watch this video , (and read this
book)
my sister will say to me man what the fuck are you doing ?
remove the video !
you should not be talking about those things
but why not let us
let us have some fun
right

I've made a lot of other videos
I've talked about serious topics
Let us laugh about my mess
about my fuckups
about my shortcomings
to make it easier for you to cope with your own
shortcomings
well it was not like that I met her online
and I would be sending messages and gifts
we actually had worked together
we were co-workers at at this restaurant where I would
work
many years ago
but she just never talked to me
she never said anything nice
only that intimidating letter
and the message which was also saying the same thing
it was when I was drinking
and you should not drink because it
you should not drink alcohol
because it will make you very indifferent
it will make you not care
you will say and do things that you would not normally do
and they would create problems for you
so do whatever you can to avoid it
but drink liters of tea ,like I do
and water, it's the best
so I thought well that's online
you know
it would be best if I would meet her in person
that's always better
and then I would
I would very very soon
very rapidly learn how she really thinks and feels about me
so if I would go to where she lives

and I would work there, selling my greeting cards door to door
and I knock on her door ...
I would soon find out what she really thinks
if she slams the door in my face or curses me or something
that that tells me enough
or it could turn out positive
and we would have a conversation
right
so because I did not know what her address
I was curious and wanting to find out
so I know a guy who knows a guy
who knows a guy,
right
who knows more guys
and I paid so that they would hack the municipality
how do you say it ?
the government
and find the address for me
so that I could go and uh work in her neighborhood
and knock on her door
and talk to her
right
I well
I'm I'm like stupid like that ,right
uh so but I I actually got kind of scammed
because he and they didn't deliver the address to me
and then I became tough on the guy
I told him that if he
I have paided
if he doesn't deliver
that's scamming people
he should not be doing that
and I I said I will block you until you deliver
right
so you can be tough and good at the same time

right
but that's one thing
and I only did two other things
in the past two decades that I'm on my best behavior
and I will continue to be on my best behavior for the rest of
my life..
I like this life
it is peaceful
without problems
without me causing problems for myself
but I did that
to have some fun right
and well it's the things we do for love right
there are only two other things
I got fined because I walked through a red light
it's it's no big deal
and I got fined because I was walking besides the track of
the train
one time I was working in another Village
and I missed the train
and I thought and it was weekend and they only go once an
hour
it was cold
so I thought what should I do?
I can wait for an hour and be bored here
or I can start walking towards home
I did not know the route to my home
but I knew if I would walk besides the track of the train
it would be a straight line to to my city and to my home
so that's what I did
and then someone saw me and they called the police
and they came
and I told them the well that's not the law
then they told me well it is
look here at this sign
I didn't see the sign

so I got another fine
but that's only three things in two decades
it's not the it's not a big deal
all so what more should we talk about ?
those are my fuckups
and my nasty things
and they should not be online
but let us have some fun
how about
how about finding your balls?
or if you're a woman, finding your ovaries ?
holding them
and Having the courage
to be brutally honest to people
like I am doing right now
and to be brutally honest with yourself
and laugh at your short cumings
and your fuckups
like I did
I said online
I'm always honest
but
but it's true
it's not like uh just words
I have a business
I sell door to door
I must be
other wise people will see through it
or they would find out
and they would lose trust
and then nobody would buy from me
and what
what uh should I do then ?
close the business down
I can't do that
I'm committed to my business

it's a lifetime thing
selling the greeting cards
and writing more books and selling the books
maybe you're wondering what do I think about gay people ?
well not much...

I can say this
if a boy is born and he grows up and around 16, 17 years
old
maybe
maybe at this era
it's way sooner
he starts to like girls and they make him horny and he fucks
with them
and he falls in love with them
that is natural ...

and if another boy is born and he grows up
and at that same age he finds out that he likes other boys
and they make him horny
and he falls in love with them
then that's natural too....

so uh what do I think about it ?
I think the same as the pope does
he said ``who am I to judge ?``

I think the lesbians and the gays
that they have a function in life
there are kids without without parents
who are orphans
and if you have kids from divorced parents
or kids from who have lost their parents
and who are orphans
in their puberty they will become problematic
my parents have divorced
and in my puberty I became problematic
but these orphans
they miss parents
they miss the love and attention

sure they get some in an orphanage
but it's still not the same
and then these uh lesbians and these gays
they will they will adopt such a kid
and give him parents
and give him love
and give him the attention that it needs
to become a good person
and make something out of himself
and out of his life
so I think that's their function in the world
and because of that
they are not a mistake
but they are
they are designed by God for a purpose
right
so I have complete peace with them
and two lesbians playing with each other
that's just hot
that's hot for every man
right
so I am not having any strong opinions
or judgments or whatever about these people
they don't bother me
what they do in their bedroom, they keep to themselves
they are not trying to involve me
they are not trying to involve you
they're not bothering you with it
they keep it private
so why should you be bothered by them
it is to live and to let live
right
live the peaceful life
all right
what more should we talk about ?
well my sister will not like this

and she will not like the following
because
because it's too personal
but I can share it with you
if you keep it a secret
if you keep this video a secret
she has two kids
her husband is Turkish
she's Bosnian
the kids are half Turkish, half Bosnian
they are beautiful
they are smart
they give me joy and love
my niece made a bracelet for me
I'm wearing it every day
they have made drawings for me
I have them at the kitchen door ,
so that I see them every day ...
but unfortunately
her husband left her
he's living at his mother's house
and sometimes
sometimes times she gives them money
and sometimes he doesn't
and my sister can't work
because the kids are too young
she's on a government income
but that's only enough for survival
kids need more money
she has a car
it's uh expenses
right
taxes
gas
insurance
and when I visited them yesterday

and I bought them two bags of groceries
to help out
it is one of my duties ,to help them
like Andrew Tate says ``to provide and protect``
right
but when I was waiting for the bus
at the train station
I was thinking about this
so what if he what if he pays this month
and doesn't pay the next month?
and then pays again and then not pays again
and it continues like that ...
or what if he
what if he don't
what if she doesn't go to court
and force him to pay alimony ?
or what if they do
and and he says
that all this money is going into living expenses
and and he won't pay
like was the case with my father and my mother
or what if like with the relationship that my mother had
with this guy
he would only pay groceries and her health insurance
but that's not the half of living expenses
and if you are living together
you should pay at least half of of the living expenses
right
so what if he pays on a regular basis
but he pays like this guy
and it's just not enough
what then ?
so Grant Cardone said once that when his father died
he hoped very much that one of his uncles would
would step up
and take him under their wing

and now I'm thinking about this
and history could repeat itself
so it's a bit scary
and I became really uncomfortable
and I was thinking about this
and I must uh
I must Step Up as an uncle
I must work more
I must work harder
I must give more
so that they are supported and provided
regardless of uh what her ex-husband does
it is my duty anyway
some would say that this is God's way of forcing you to rise
to a higher level of success
that might be true
when he makes things uncomfortable for you
you have to get better and rise to a new level of success
so how did I cope with it ?
well I am
I am Rising today
I thought about what I had previously done
you know the promotion
buy two get one for free
so today I would sell my packages of greeting cards
and one package for 5 euro
and I would say
three three packages for €10
right
so they buy two and they get one for free
and it it will help me to to make more cash and profit
well I'm actually visiting the same amount of people
so it's good
it's a good promotion
and I have I have plenty of greeting cards in stock

so I can easily do it
and two people took the deal
and I've earned more today than yesterday
which is good
what more should we talk about ?
so I obviously have more work to do
I also have to help my mother
I have
so like last year I gave money to my mother and my sister
every month
and this year I must do the same but
but give them more
because everything has gotten more expensive
all the companies have raised their prices
so there is a bigger need for more cash
and it's my duty to provide
and I will
so how did I cope with this chick ?
that has sent me that letter to tell me to fuck off
I was sad
and I was a little bit angry
I was...
just kept thinking
why did she not say nothing nice to me
right
I've sent her the sweetest and the best messages that I
could think of
but there was after months
there was absolutely no reciprocity
only those two three messages telling me to fuck off
so I decided that I must move on
because life always goes on
and that I should do the same
and I've actually done what andrew tate teaches
he says like

'' if you're sad or depressed or angry you should channel that into productivity into work and use that energy it's unlimited energy sadness is energy to achieve more and to become better ''

so that's what I did

I wrote more books

I started working 7 days a week

I went more often to the gym

I trained harder

and I thought

I thought well I'm going to just become better and more successful

and achieve more

and so that one day uh

she will feel like uh like that she made a mistake by not giving me a chance

it is the best way to cope with this kind of stuff

so now I'm like

I stumbled upon a woman online

and she made me laugh

and she's also very attractive

and I started to feel things

and I wrote her a poem

actually two

and I will continue to give her attention

and to say kind things...

but if she decides that I'm a weirdo

that I'm a creep

that I should go get fucked

and back off

well guess what ?

that will only Aid me

it will only help me

I would do the same like I did the last time

I use the energy to work more

to write more

to produce more
to achieve more
and I will win either way
so there you go baby
the beautiful American
oh I hope this inspires you to overcome things
and to use them to become better
and achieve more
it's the best way to handle it
it's the best way to cope with it all
right
I think I've told you all the nasty stuff from my life
I hope I have taught you more understanding about people
who fall in love with the same sex it is the wise King
Solomon from the old ages that said
you know
In all you're getting, get understanding
so now you understand them better
and their purpose
you can live more peaceful with them
and not be judgmental at all
I hope that helped
and I hope that you now know how you should cope with
and overcome heartache and other bad shit in life
that will happen to you
it is just meant for you to become better
to rise
to achieve more
to channel that energy into productivity
and one of the lessons is also
if a guy with a mental disability
who sees people and eyes and faces and and shit
that doesn't exist
for which I have medicine now
but it still occasionally happens
if he can write 185 books

and work his way into the top of writers
if he can work 7even days a week in this fucking cold
then so can you
you absolutely can do it
all right

I hope I've inspired you
I hope you have gotten some value from this
and I also hope that you were able to laugh at my shit
if you got some value from this
please share it with other people
all right then
thank you for your time and attention
until next time
bye-bye
