The bio of author Jasmin Hajro, nice to meet you

Hello dear reader, how are you ?
Thank you for buying my book ...

My name is Jasmin Hajro,
I was born on July 6, 1985 in Bosnia.
As refugees, we came to the Netherlands 21 years ago.
After having completed school & worked at several jobs ...

On 17 December 2012, I founded my first company: investment firm Jasko.
After a successful first year, I unfortunately had to close that company.
After a short period of rest, unemployment and temporary work. I started
again as an entrepreneur.

On September 1, 2015, I founded establishment Hajro.

(We say establishment instead of company,
because we do a bit more then just sell stuff.

Like providing jobs,
donating to 2 different charities,
and helping people to live richer.)

Since the beginning the core activity is,
selling sets of greeting cards, door to door.
Nowadays the product range has been expanded.

With, among other things, the selling of my 51 books.

For more information about my company

Victory.

Hello again...

I am Jasmin Hajro,
and you just have read a few things about me
in my bio.

But you have bought this book because you
want to know the whole story.

My life story

I called it Victory,
because I have overcome a few things.

I am 32 years old and live in Doetinchem,
in the Netherlands.

I work as a salesman
on behalf of Hajro.

I sell sets of greeting cards,
gift mugs and booklets.

Part of the proceeds go to 2 Charities in the Netherlands.
One is voedselbank, the food bank, which gives groceries every week to
people who have low incomes..

And the other is stichting babyspullen, foundation babysupplies,
who gives families with low means and a baby coming,
supplies for the baby, like clothes.

I have experience with both, and trust them,
that they use the donations to really help people.

(When I wrote the first part of my lifestory, the Victory booklet,

I was still living with my mother in city Doetinchem,
In 2021 I was able to move out,
and since I am living on Asterstraat 7, in the little town Zelhem
in the Netherlands)

I now live in the Netherlands.

But on 6 July 1985 I was born in Sarajevo,
in Bosnia.

When I was a young child, we lived in Gora.
That is a village in Bosnia.
It is on a mountain.
A mountain village.

The view is great,
lots of nature.
Clean, fresh air.

I remember it as a happy time.

The house we lived in
was a kind of 2 houses under 1 roof.
Aunt Rahima had lived in the other part.

Until her own house was built.

My parents both worked,
and I went to Biba,

an elderly woman in the village,
that was my babysitter.

I remember she had an old-fashioned stove,
which worked on firewood.
And we placed unripe walnuts
behind the stove, to ripe.

Under our house,
you had a steep part of soil,
and below that a flat piece of land.

On that flat piece of land,
we grew vegetables,
potatoes and very small tomatoes.

There were also pear trees and walnut trees growing there.

My mother worked at Tas,
an automobile factory,

where they made or processed.
small car parts.

I do not remember anymore
what kind of work my father did then ...
You notice that it has been a very long time ago.
I was always very happy to see him,
when he came home.
And asked once if he could work 2 days a week,
and be free 5 days a week.

My uncle Ibro lived close to us,
with Aunt Sevda and my nieces :
Sanela and Amela.
They had a red swing.
I have been swinging on it and went
as high as possible,
Until I got a kind of butterflies in my stomach feeling,
by excitement.
I do not know how to exactly describe that feeling.

With my cousins I did play games such as hide & seek.

I once wrestled with my father
and then I ended up falling weird on my wrist,
it hurted.

Then Dad said: hajmo kod Ibre rostiljat

Let's go barbequing at Uncle Ibro.

I went to the mosque,
and learned prayers
and how to pray.

I asked the hodza
that's a kind of reverend,
how you can know if someone is lying.
He said you can see it on the forehead.
That it turns a little red.

It is very peaceful in the mosque,
I still see it that way.

Although it has been a while since I visited one.

It is now March 27, 2018,
00:44 hours at night.

I'm getting out of bed in the mornings, late again....

I wake up at 9 or 10 in the morning
from the alarm clock.

I then switch off the alarm.

And fall asleep again.

When I wake up again afterwards it is already noon.

I had sleeping pills a few weeks ago,
for 2 weeks..

It went well

I started going to bed earlier,
and getting up earlier. Before noon.

Maybe it is a strange time, in the middle of the night

to write a book.

But I thought that once, I just had to start writing it.

When I was playing at Chess Club Doetinchem,
I said to Frans that I wanted to write a book
about my life.

That could have been in 2009.

Biba, the woman who looked after me when my parents worked,
was also the babysitter of an orphan.
I do not remember what his name was.
But we went to the mosque together.
There he farted ...
And we were both thrown out.

My father drove a Fico,
that is like a kind of old model Fiat 500 car.
If we drove to Grandpa and Grandma,
I could sit on Dads lap
behind the wheel.

The first time I saw snow,
I walked outside in my pajamas.
I was completely stunned to look at it.
Amazing.
It must have been cold outside.
The winters in Bosnia are colder than here.

I still love it
to look outside
when it snows.
Everything seems so peaceful then.

I was 6 years old when I went to school for the first time.

When my sister, Emina was born and I saw her for the first time, she looked tinted. And I thought she was not my sister.

My father once had in an angry mood,
thrown the TV out of the window.

I have around my twentieth year
done the same thing once

The war had started
between Bosnia and Serbia.

We had moved
because the enemies came too close.
We have moved a number of times.

My father had to fight for Bosnia,
in the battlefield. And was not always with us.

We left the village
and we were in an abandoned house.
I do not remember what that place is called.

We have harvested grain,
and grown potatoes.
We took care of the cow of uncle Ibro,
Galava.

You could hear the shooting from a distance.
A house near the one where we were in, was blown up.
We left that place in the evening.

A previous hotel became at that time
a shelter for refugees.
We spent a while there,
and got food packages.
I also fell on the stairs there
with a bottle of milk,
and had a cut on my wrist.
It is been stitched and the scar
looks like a cross.
You can still see it,
on my left hand.

My father was not with us
in that shelter.

I remember that we were waiting one time,
with lots of people,

probably for those foodpackets.
It was so busy and oppressive ...I felt like I was choking.

My aunt Rahima had already fled to the Netherlands,
and they arranged that we could go there too.

I remember that I had to hold my sister's hand
and was not allowed to let go. When we were with the cow
walking through the forest.
I do not know how long we have walked.

My father stayed behind at a border.
And said to mom
prepare today for tomorrow &
prepare tomorrow for the day after tomorrow

We had help from a woman in Croatia....

Eventually we were awaited somewhere
by Aunt Rahima.

We signed in as refugees.

And went to an asylum seekers center,
a period of time in Alkmaar ..
And a period of time in Kampen near Dronten.

There, I watched Lion King for the first time and
almost had to cry,
because I missed my father.

We went to school and learned Dutch.

After the asylum seekers' centers we got a Roahuis
in Doetinchem,
on the Leliestraat. (lilystreet)
(a Roa house meant that we had a house and
the government paid the costs for living,
if I remember correctly)

After 5 years we received the Dutch nationality.

It was a red apartmentbuilding on the Leliestraat,

where we lived.

We got to know Zihra,
who lived in the blue building.

Also from Yugoslavia.

There were 3 brothers in our red flat,
a few houses further.

One of them had hanged himself.

My father came to the Netherlands wounded.

We had those piggy banks,
in which we saved money.
So that dad could come to us.

It would be like before,
our family together

I played a fighting game with Dad on the Nintendo.

And he made baked eggs in the morning.

Very tasty.

The reunification did not last long.

My father left us.

My parents then divorced.

We got a rental house in Doetinchem,

at the Ottawastreet 19.

We are still living there now.

Although mom now has a boyfriend,

and is with him in the weekends.

And my sister Emina,

is now very pregnant.

I will be an uncle,

in a few weeks.

I once already had described on paper
this piece of my life :
my time in Bosnia and
the flight to the Netherlands.
And called it Rebel.
With more details,
but I lost it.
Or someone took it.

After group 8 I went to the MAVO.
At the Rietveld lyceum in Doetinchem.
I obtained the Mavo diploma.

The Mavo lasts 4 years,
I think in the 3rd year
of the Mavo,
I had moved and lived with my father for a while.
In Smilde, province of Drenthe.

Then I came back to mom.
Heartbroken.

I think this will become a series

Are you looking forward to the sequel?

To be continued.

Thank you for reading
the first part of my life story.

Victory II

Hi dear reader,
how are you ?

I am Jasmin Hajro,
and you just have read a few things in my bio
about me.

But you have bought this book because you
want to know the whole story.

My life story

I called it Victory,
because I have overcome a few things.

So, I am Victorious.

And you
are Victorious too.

(yes you are , you have probably overcome some tough times too
like they say : life happens to everybody...)

Did you enjoy Victory ?
Sorry for the spelling mistake in it.

Welcome to Victory II

I am 32 years old and live in Doetinchem,
in the Netherlands. I work as a salesman
on behalf of Hajro.

I sell sets of greeting cards,
gift mugs and booklets.

Part of the proceeds go to Charities.

You can find everything about it at

www.hajro.eu

It's now March 31, 2018,

23:52 hours.

On this Saturday I am free

Well,

I have prepared the presents for customers today,

and also the business cards and mugs. For next week.

I bought some groceries,
vacuumed the house. And have eaten 3 times.

Then I went for a run.
It was half past 10 in the evening.

It also started to rain
and I was soaking wet after my jogging lap.
Then I smoked some tabacco and
drank a cup of tea.
But do not tell anyone.

Yes, I smoke tabacco,
and I jog.
There are no excuses for not exercising.
If a smoker can do it,
then you can certainly do it too.

After showering,
I ate my midnight snack.

A piece or 6 sandwiches with cheese
and a glass of milk.

My sister and her husband have returned
from a wedding and have went
to bed.

Beamy our cat, also came home.

Maybe you think that I've written and selfpublished ,
a lot of books in a short period of time

That is not a mystery.

First of all, my books are short and non-fiction...
I believe you do not need to write an encyclopaedia,
to teach someone something.

We used to have an offer at the Hajro E-store,
the VIP. That is a luxury greeting card subscription,
where you get all kinds of extra bonuses.
The Recipe for Happiness would be included for free.

And it would be about one page long.

But it is now a comprehensive
valuable guide,
and become a nice book.

You know the period when there were so many people
fired at the banks ...

I then got a good idea

By means of a program,
the bank could help people to become rich
and instead of firing employees, keep them and
hire new staff.

Tired and feverish, I had neatly typed out my program.

And I went to ING bank with it.

They did not want it.

And that program became my book
the lifebuoy for banks " loyal banking "

As you can see, the book was basically ready.

I have many years ago
written a number of poems .

It has also been years since I had been sending messages
and jokes via Facebook
to Rietje. (A girl I fell in love with, who had been a coworker)

I had printed out all those messages
and put them in a folder.

So my book Poems, jokes and book,
was also largely finished.

If I ask you to describe me
how your day was today ...

That would not be that difficult for you.

If I asked you to describe how your
past month was.

Then that too, would not be difficult for you.

So for my book Victory,
it was a matter of sitting down
rolling up my sleeves and starting to write.

I just described how
my life has been in that period of time.

So, therefore,

Well, you now know how I , in a short chunk of time,
have been able to write & selfpublish a number of books.

Ok, that being said, where were we ?

When I did the MAVO education
(general secondary education If I translate correctly),

I had lived with my father for a while.
And returned heartbroken to mommy.

It had hurt me a lot,
when my father left us. When we lived in Lilystreet
(Leliestraat) We had missed him for so long,
and had those piggy banks
in which we saved money,
so that dad could come to us. From Bosnia.

And after being reunited for such a short time,
he left us.

Maybe then as a child I thought,
that he did not want us,
and that he did not want me.

So he went to live in Smilde,
we stayed in Doetinchem.

I missed him very much,
and wanted to live with him.
My mother had a boyfriend at the time
who then drove me to dad, I believe.

My father had a new wife,
she is Dutch,
and she has 2 daughters from her previous marriage.

I went to the Nassau college there,
in Assen. I had to every morning
travel for 1 hour on my bicycle to get to school.

I especially liked going to my aunt
Kasema , and spending time with my cousins.

Aunt Kasema is Papa's younger sister.

She has 2 sons and 1 daughter.

We played super mario
on a game computer.

And had lots of fun.

At school things were going ok.

I could hardly share my father at home
with them.

In principle, we were nice to each other.

I started my puberty then, I think.

I was pulled back and quiet.

I listened to rap music.

At school I was friends with Robert,
who called himself Skip.

In the break we were once driving around
on his scooter. I was on the back seat.

A bit driving through the city,
and in front of the police station,
without helmets on.

Then we slipped and fell down while taking a curve.

My father was not happy.

This is how the tensions built up at home ..

In the end I could choose
either change my behavior or return to my mother.

So I went back to mom, sad.

I went through the 4th class of the Mavo
at the Ludger college.

I then started to smoke.
Cigarettes. To try what it was like.
The first time I became dizzy.
Then it became a habit.

Then I started to smoke weed.
To try it.
I never liked the smell.
It was funny at first, with periods of time in which I started
laughing at almost anything.

Then that became a habit.
And it seemed like I was less active.
I had been practising karate for more than a year.

I was stoned every weekend.
Watching movies, eating chips.
Hanging around.

I became friends with Kai,
a classmate.
We had fun.

We got one time
a block of hash,
to sell.

We eventually ended up smoking the whole thing ourselves.

We have that movie, Pulp Fiction
seen about 20 times.
Very very stoned.

Just so often,
that we had memorized the dialogues from the film.

Like :

Ezekiel 25:17

the path of the righteous man
is beset on all sides
by the enequities of the selfish
and the tyrrany of evil men

Blessed is he
who in the name of charity
and goodwill

Shepperds the weak
through the valley of darkness
And I will strike down upon thee
with great vengeance
and furious anger

Those who attempt to poison and destroy my brothers

And you will know
that my name is the lord
When I lay my vengeance
upon thee....

I even now remember the lines.
Ridiculous right ?
Maybe we have seen that movie 30 times.

Later I started to experiment with other drugs.
Xtc tablets and speed.

Of course I had tasted my very first beer,
a while ago.

So I often drank beer and smoked weed
to become strunk.

Stoned and drunk. At the same time.

I went way over my limits,
and had to vomit quite some times
because of too much booze.

I started to go higher more often

with those pills.

When taking them, you feel really good,
you gett energy from them,
and I went to drink a lot of coffee
so that the effect lasted longer.

Eventually I was awake all night after taking 5 pills,
and just continued to take even more.

We sat in a park with some people who I
did not know.

Me and Pino. That's what everyone called him.
I also sniffed some speed and drank red vodka.

At a given moment,
we started walking home.
And was it was like I could see the wind.

I had taken 10 or 15 tablets.
I began to hyperventilate.

When we arrived at home it was already morning ...

I was looking very pale,
and wanted to drink water but couldn't.

I walked back and forth,
could not stop.

I thought my chest would explode.
In a hallucination, I saw a big black hole,
thought I was going to die
and peed in my pants.

My mother and sister had come down
and panicked.

I think someone called the police
and I was thrown into a van.
Then the lights went out,
I lost consciousness.

I woke up in a hospital bed.
My father came and asked if I knew what I looked like.
I said no.
My face was swollen.

I had been in a coma for several hours.
They had said to my mother:
if he does not wake up,
then he will not survive.

This happened in a point of time in my life ,when I was
working in the hospitality industry , at restaurant the Mirror
(de Spieghe).

Pretty quickly after my neardeath experience,
I went back to work again.

I came to work a few times too late
and was fired there.

I have tried the Havo education,
(higher general secondary education)
the adult education program,
but that did not work out.

I registered at temporary employment agencies
and worked at jobs that they offered me.
Mainly productionwork. Manual labor work...

I have after that coma,
once tried to smoke a joint.
I didn't feel good,
got palpitations.
That was the last time.

From then on, I stopped taking drugs.

I did still drink alcohol.

And now also whiskey.

It often went with those jobs

the same way..

I did it for a while.

I worked, earned.

Started to show up late.

And was fired

or

did not show up anymore.

I applied for a job in 2007

at Palestra / Landal,

and started working as a dishwasher.

I came too late there, too

though I did not have to start working until the afternoon.

There was a positive atmosphere,

and we always had a drink after work with coworkers.

Once I got at home, I kept on drinking.

I was allowed to help on the cold side of the kitchen,
to prepare appetizers and desserts.

After some time, I was fulltime on the cold side.

Eventually I also learned the warm side of the kitchen,
making soups. Baking fish and steak.

Cooking lunch and dinner.

I worked hard,

I wanted to live better.

One day after my birthday,

after I had drunk a lot.

I collapsed and fell to the floor.

(Perhaps because of too much drinking and fatigue)

I then stopped drinking alcohol.

I had a permanent job there.

In 2011 I started to heavily hallucinate,
seeing people and things that don't exist....

The work became hard to do,
until I didn't function there at all anymore.

I got fired....

Then I was at home and had the feeling
that I broke down.

I received a unemployment benefit for 8 months
after that nothing,
no work, no money...

I soon went through my savings and had nothing left...

In the last years that I had worked there,
I started watching motivating
videos on youtube.

From Jim Rohn and Brian Tracy.

I also received a journal as a gift, an empty book to write in.

While working at Landal,

I earned well and had few expenses.
I saved and did a homestudy course :
Wiser with money.

Then I learned to invest myself.
By taking another homestudy course,
read books about investing
and by investing myself.

Somewhere I read about pensions
and the pension discount.

If you have worked abroad for a number of years
or are a immigrant and have not 67 years of employment history,
then you get less pension.

My parents would then receive a half-pension,
they had a big problem.

I wanted to get rich ever since.
So that I could give them a good pension.
I have read books about becoming rich.
Listened to audiobooks.

Eventually, I came up with a financial system.
To systematically build up a fortune.
I have applied for a patent.

And I described the system in my first book:
How you build your own fortune with simple steps.

I have now published the 3rd edition of that book,
with the title Build your Fortune.
(I have received a patent on February 27th 2018.)

I could not find a job after that unemployment benefit.

I have emailed many job applications.

A lot employment agencies I visited.

In person I had visited with my resume,
more than 100 companies .

They did not have a job for me.

What could I do?

I did not want to go back to the hospitality industry anymore.

I liked investing a lot more.

So I started my first company
called Jasko,
on December 17, 2012

An investment company.

The saving and investing that I did for myself,
I could also do for other people.

I have had a relationship, a number of times
with a girl.

I fucked Hilde for the first time when I was 16.

Later I also have had sex with a girlfriend
of my mother .

Which is like 20 years older than me.

To be continued.

Are you looking forward to the sequel ?

It will be released on July 6th 2022

prelude book Victory III

Hello Friend,
how are you ?

Is it weird that I call you friend?
If you have bought and read Victory & Victory II,
and you also bought Victory III,
to read.

Then you put so much trust in me,
like a friend does.

Thank you for being a loyal reader,
I really appreciate it.

I should not actually do this ...
But you have shown so much faith in me.

It would be good then,
to prove to you,
that what I say,
also really happens.

So I trust you,
that you deal confidentially with it,
with that proof.
Ok?

I made a video book.
Yes.

So a video in which I am on reading my 3rd book
Recipe for Happiness

to you.

Grab a nice cup of coffee or tea,
sit or lie down comfortably
and just play.

You can find video book at:

<http://www.lulu.com/spotlight/jasminhajro>

bottom left.

I also made a Hajro Group Photo Book.
I also made a Calendar for 2019,
you can also order them there.

(By now , 28 october 2020, Lulu has changed the author pages,
but you can still view my videobook at www.youtube.com)

I also made an author page
on Goodreads.

You can see it on:

https://www.goodreads.com/author/show/17686005.Jasmin_Hajro

I have also made some videos and put them on my author page
at Amazon.

You can see them on:

<https://www.amazon.com/Jasmin-Hajro/e/B075GZPT4V>

or at www.amazon.com/author/jasminhajro

I've read some books of course,
because I want to get better at selling.

And I recommend them to you too.
They are :

Power of Self Confidence - Brian Tracy

Power of charm - Brian Tracy

21 great ways to become a sales superstar - B. Tracy

Stronger than ever - R. v / d Wolk

The secret of 100,000 - a year - L. Babeliowsky

I have also written and published some books,
and made some bundles (boxsets). And my ebooks can also be ordered as
papeback.

book Website www.hajrobv.nl in a booklet

book the Lifebuoy for banks ``loyal banking " (paperback)

about it)

you get 5 books.
(The bundle does consist of 3 parts)

And bundle The grand, best & most spectacular
book in the world
is 11 books in 1.

That's a bargain right ...
You will then receive the entire Victorious series

My first series of books is that.

Thank you God for all the good things in my life.

I hope you don't mind
that I just said a prayer of thanks.

I am now writing the 3rd book of my SECOND series ...
(series Work to Shine)
I can be very grateful.

Thank you too for reading my writing.

And yes
it is 2:30 in the morning.

My little sister, the owner of Energie Nu &
the princess of which I am uncle (her daughter)
and her husband are still on vacation.
They will come back in 1 week.

My mother is still in a relationship with Peter,
and I am very happy for her that she has found a good person.

And I ?
Tjah still single.

First getting my life even better on track,
after that I'll find a wife.

Although I had the feeling a while ago
that I was dying.
It is still been a good & productive year after all...
We should be grateful.

Remember I would prove to you
that together we support many charities?
Here it comes.....

OCTROOINUMMER 1040234

Octrooicentrum Nederland verklaart dat op grond van octrooiaanvraag 1040234, ingediend op 29 mei 2013, octrooi is verleend aan:

Jasmin Hajro te Doetinchem, Nederland.

Uitvinder(s): Jasmin Hajro te Doetinchem, Nederland

Voor: Financieel systeem.

Een recht van voorrang werd ingeroepen, gebaseerd op octrooiaanvraag: 1040030, ingediend op 30/01/2013 in Nederland.

Aan dit bewijs is een exemplaar van het octroolschrift gehecht met nummer 1040234 en dagtekening 14 februari 2018.

De maximale beschermingsduur van dit octrooi loopt tot en met 28 mei 2033.

Uitgereikt te Den Haag, 27 februari 2018

De Directeur van Octrooicentrum Nederland,

mr. D.J. de Groot

I have described that financial system in
my book How to Build Your Own Fortune with Simple Steps (2nd edition)
& in the 3rd edition, namely book Build your Fortune.

I really recommend that you buy that book,
and take the steps
contained in it.
to start building wealth and a better retirement...

Am I our 'hero'?
I don't know if I did anything heroic.

But I did do something spectacular
maybe it is Legendary

The following :

One of the goals of company Hajro is
doing something back for the Netherlands.
Because the founder of Hajro
(also called Jasko)
is an immigrant &
was well received in the Netherlands by the Dutch.

Because his book Build your Fortune
(what every household should have)
is available free of charge to everyone in the Netherlands.
To build a fortune or
a good pension.
Hajro Achieved This Goal!

I have achieved one of my Long-term Goals.
Great huh?

I'm very happy.

As you can see it's almost 3 in the morning

when I wake up & get up in the morning in the morning
may it be called a miracle.

So I still struggle a bit with getting up early.

After this I also have to publish this book,
so it will be later.

I still smoke too much black tobacco &
drink more coffee than is good for me.

But yes, you gotta die from something right ?.

A week on the road with me (in short)

I have from Sunday September 2, 2018 to
Saturday, September 15
worked every day.

Every day I started selling door to door for a long time.
With sets of greeting cards & gift mugs.

And I have found 47 customers
times 5 euros that is
235 euros in turnover/profits.

I bought a birthday present for my sister.
I gave my nephew a Quest magazine as a gift.
(who lives in Assen)
I paid my deliverer the fee.
I bought Mary Kay hand cream as a gift
for my mom.

That Sunday after those 2 weeks,
I was tired but satisfied.
I then rested & watched movies.

I had worked in city Doetinchem and on Sunday in town Didam.

Another victory
I made 103 sales in September,
my new record.
(meaning I found 103 customers)

That is 515 euros in turnover,
plus 37, - in royalties
of book sales.

I'm lucky to still live with my mother.

But I'm already halfway there.
When I make 200 sales per month,
I can basically look for a house.

My mother is a person of gold.

I'm going to earn a ton (100,000 euros)
and then again.
Then I will buy a house for my mom
and a car (a purple one)

Are you also going to do something spectacular for your parents?

They are always there for you

I hope you enjoyed
and that I have kept my word on what I promised.

(By now, as I am editing this book, to get the spelling errors out,
I live in Zelhem and my business only donates to 2 charities that I
trust.

After going through some financial data of some of those charities
that I used to donate 25 cents to every month,

I got disillusioned about how little of the money is going to the
people that really need it and that they are raising the money for in
the first place,

maybe some old links won't work anymore, sorry for that

But at the end of the book, I will list the present day and working
links again...
so you can visit my business, my author wwebsite and see my
books and also how you can reach me...)

Victory IV

For my mother Azema Halilovic ...
Thank you draga majko (dear mother)
that you are always there for me.
And that you gave me the time to build my company
& to write so many books.

Victory IV

Hey Hello
how are you doing ?

In principle, I'm fine ... yet it is a bit mixed ...
it is Monday, April 20, 2020.
it's been 2 months Corona time ..
just a fucking flu ..
old people with poor resistance die from the flu.
Our neighbor has passed away, he had bad lungs for years.
But then I realised it is more serious than just the flu....

I worked anyway ... all this time...
It's harder ... it takes much longer to find a customer and I face
more closed doors.
I found 3 today, 3 customers ...
who have bought a set of our unique greeting cards ...
I designed them myself and only we have them, so they are unique.

“Note at the time of translation, Sunday november 22, I am human too, I
could be wrong”

We have a temporary promotion ... or offer...
the well known buy one, get one free...
if you buy a set of greeting cards, then you get a giftmug for free.
To cheer the people up a bit, in this "strange time" ".

Maybe you got on the news that some businesses and shops are
closed,
there was talk of lockdowns of countries, they want people to keep
their distance from each other and in the supermarket the cashier
was wearing gloves.
The paper said that if you didn't have any symptoms of a cold for
24 hours, you just got over it and you are fine...

I have written 2 booklets in recent times ...
For Saartje
and Secrets of writing and selling books.

Due to current government measures I did get a Tozo ... which is
corona crisis subsidy...
Hoeray finally financial support from the government ..
the money is of course nice,

but above all it is the principle ...
It means... we do not pay taxes for nothing.
Because if you need help, you will get it ... apparently ..
even if it just took a long time for me to get some.
And only after my 6th application for benefits, the Tozo subsidy
got approved.
Dutch government and tax authorities ...
Thank you.
I don't feel like a 2nd class citizen anymore.

With more than 36 books and

still no bestseller ...
I start to wonder if I am doing something wrong?

What do you think ?
But I know what it is ...

Marketing ...

I have to do more marketing ...
maybe several thousand people know that I write books
and where you can buy my books ...

In a world of more than 6 billion peoplea several thousand is
not so much people...
I also write in my diary ...

my journal ...
a little less than I used to do lately ...
I was busy...
so I wrote those 2 books ...
I have worked..
selling our greeting cards ...
I also made Author Merchandisemaybe you think that's cool or
nice ..
Tshirt with "Victorious" on it
or "Work to shine"
like my book series ...
and ofcourse also "" You legend "

and an author mug
And a Tshirt with a funny but true text:
" My poo is black from all the coffee. I am a writer "

Wouldn't it be funny to walk around with that ...

In addition, also a Tshirt with the logo from my company Hajro
and a sweater which is also printed with our logo.
You can see them all at www.gumroad.com/jasminhajro
I have made and delivered mix sets to our Member,

a customer of mine who has a greeting card subscription,
every month she receives greeting cards with something extra.
And I also have working links put on my Author website,
if you click on it then you actually end up on the website of the
bookstores

where my books are for sale.
It all takes time to do and create and energy ..

Maybe that's why I was a little tired the past few days..
I hadn't even thought about it ...
And I also added Marketing for Author as a service to my
company's services.

Because that's what I and other book authors need.
what I do for myself I can also do as a business for other people.
Beethoven plays in the background while I write ...
I like classical music ...

“Note by the time of translation, november 22nd 2020, my company’s website is www.hajro.be

I have paid for it a year upfront....so it’s always online and working...

I have a new Author website...which has a longass domain name.....but it’s free and always online, avilable for you to visit and ofcourse online

24/7.....I give away 10 of my books on it....so it’s worth a visit.....just remember the longass domain name which is

www.jasminhajro6.webnode.nl “

This is one of the unique
greetingcards, which is
in a package of 5
greetingcards and
envelopes,
that I sell.

(I have sold more than 700 of these packages of greetingcards)

And this is the giftmug, full of candy
that people get along with the package of greetingcards for free,
for a limited time

The mug has my company's logo printed on it and it also says : "Enjoy life"

I was thinking of writing a fiction book
a kind of "rant"

" swearing on things I hate or to blow off steam ...
as to "pickers" or pluckers...
" too lazy to work want something for free ... living of other people
by theft ...
drug other people to pick them better ...
What do you think ?
Is it gonna be a weird fucking book?
Should I just stay in my arena ...
my box ,the NONfiction area....

I respect working people ...
I like to work .. working has positively changed my life ...
I know how hard some people have to work for their money
... I respect that ...

I jogged this afternoon ... it was going slow ...
it has been a while since my last run... 1 or maybe 2 weeks ago

that I was last running ..
scandalous I know...
I jogged a lot more in the past year ...
I have to get back into the habit of running regularly.

Sometimes I would like it to come back to someone
at home after work...

I'm alone for a long time ..
I just haven't actively looked for a relationship ...
I first wanted to get my life in order ...

It's more or less in order ...
I do not drink I don't use drugs..

I don't make any problems ..

I work...

Ready?

Ready for a relationship?

First I'll have to earn a normal ... minimum of E 1500, - per month.

Then at least I can do nice things with my woman..
.. good food and stuff
and go to the McDonalds of course ...
But also because it gives peace, when everything is paid.

‘Another note, by the time of translation

I know it's short...
I don't like that either...
I don't want to disappoint you....

It's just that I've been so busy..
building my business...
designing new greetingcards....
Adding new products and services...

and then I had to create a new company website
and also a new author website...

And when the corona crisis began...
I had to do something to keep my business going...
like the promotion...
buy one, get one free...

I had to Apply for subsidy and funding...

Then I decided that the best way to get through the crisis was..
to just keep on working...

so I kept on selling door to door my greetingcards..
and I wrote more books...

Sometimes I worked 6 or 7 days a week...
and on my free day I would visit my sister and her kids...

the girl is 2 years old now and the boy is 1 year old and he just started to walk...

Here they are...
my books of this crisis year...

[Through the crisis](#) english
[Running out of time](#)
[In loving memory](#)
[Actie als strategie](#)
[Rahima & Idriz](#)
[Exposium](#)
[Hajro, story & catalogus](#)
[My story](#) english
[Word miljonair in sales](#)
[Wat het beste werkt ? na 7 jaar ondernemen](#)
[Ondernemen met hersenschadE](#)
[Productiviteit crash course](#)

And I also translated Victory 3 into english...
and now also Victory 4...

By november I got like exhausted...
and took 3 to 4 days off every week....

And...
well guess what..?

I also wrote "My little masterpiece"
I recommend you get that one..
the booklet has a great quote for everyday of the month..
they are things you can do...

and they are lifechanging...
for sale at : [My little masterpiece \(lulu.com\)](https://www.lulu.com/product/My-Little-Masterpiece/2441111).

And after that I wrote : I don't feel like writing, says the author
it's more of a whitepaper...
but it's still valuable...
for sale at : [I don't feel like writing says the author \(lulu.com\)](https://www.lulu.com/product/I-don-t-feel-like-writing-says-the-author/2441112).

These 2 booklets I have written in english
it saves me the time of translating them...

Hello, how are you doing ?

Thank you for choosing one of my books to read...

Have you read Victory 1, 2, 3, and 4 ?

Let's start with last year...

I just kept on working

all year long...

I have been selling packages of greetingcards...

for 52 weeks ,last year...

I earned about E 5850,- euros

I wrote new books and booklets...

I wrote :

Through the crisis

Running out of time

In loving memory

Actie als strategie

Rahima & Idriz

Exposium

Hajro, story & catalogus

My story.

Word miljonair in sales

Wat het beste werkt ? na 7 jaar ondernemen

And the booklet : My little masterpiece

and I kept on writing, the other titles I wrote are :

Quotes for success

I also made my author website at www.jasminhajro6.webnode.nl

And I made an international english website for my company Hajro at www.hajro-international.webnode.nl

**It was a busy year ,
at the end of 2020 I slept for 3 days.....
exhausted...**

**I was disappointed that I hadn't earned more after working that
hard.....**

but then I figured out why...

I was just working half days...

selling about 3 or 4 hours a day

If you work half the time, you get half the pay

half the money isn't enough...

So My goal is to work more hours, selling door to door...

At the beginning of 2021 I translated 3 of my dutch books into english ,
they are :

[Tits, how do I write a book ?](#)

[How to overcome my addiction ?](#)

Start your own business & make it successful.
In the harsh reality, where nobody cares

My medication against hallucinations is working,
it still sometimes happens very briefly..

My medications for sleeping also works,
I sleep at 12 or 1 o'clock at night...

I decided to be free on Sunday...

In the past I would sometimes also go out selling on Sunday..

But now it's a mandatory free day

My body and mind need to rest.

I go for a run about once a week,
I used to do it more often,
I have to get back into the habit
of doing it more often.

I got a subsidy for 3 years,
of E 650 euros a month
which is settled with the earnings of my company..
If I earn 400 euros , I get 250 euro in subsidy

And I got help with my debts, I am in a program
and have a budget coaching session every month
and 3 years from now, in 2024 I will be finally debtfree
That is my victory...

And because of the subsidy I don't need to worry about money..

another victory

I have more peace of mind
and I gained 4 kg

I have visited my sister and her kids almost every Sunday...

Last Friday I worked about 3 hours and sold 14 packages of greetingcards,
earning E 70,- euros

That's the 2nd or 3rd time that that happened...

I watched a lot of South Park episodes and it was fun...

After that I changed from watching entertainment to watching other videos
about entrepreneurship, like the channel Valuetainment on youtube...

And recently I have been watching the videos on the channel Coffeezilla,
about all kinds of scammers...

It seems there is a whole industry of people scamming people.....

From worthless investments to overpriced courses
and actors as business owners...

It's offcourse pathetic for the people that are getting scammed
a shame especially if they loose their lifes savings...

Those people make it harder for real entrepreneurs and salespeople, because
they make people
untrusting....

The only thing I can do is
to not make unrealistic claims.,
offer a 3 month money back guarantee

and be open and transparant,
with my company and my books..

I am also on the waiting list for a assisted or guided living..

So within a year or so I will be living on my own,
leaving my mothers house..

I think I can do it, I can prepare a meal..

I am sorry, that it's short...
but that sums up last year

Kind regards,
Jasmin Hajro

book Last 10 years

march 14, 2021

Hello
how are you doing...?

I am doing okej....

You read in my bio that I am originally from Bosnia,
where we lived the first 10 years of my life...
and when the war started we fled the country
to the Netherlands...

Where I went to school and after that
I had several jobs,
mostly manual labor jobs
which I didn't like to do
but I did it anyway...
Because we all need money to live...

My parents had divorced in the Netherlands,
and I couldn't handle that...

In my puberty I started drinking beer and whisky
and I also started experimenting with drugs...
marihuana, hasjisj, xtc, speed and coke...

I hanged around the wrong crowd,
and got into trouble with the law.

I went to jail 3 times,
in total 8 months,
jail for young people,
for stealing and fighting...

I stole tabacco and fought with the manager of the store
who had caught me...

Just stupid shit....

I tried to sell hasjiesj but
we ended up smoking it ourself.....

I would get a job from an employment agency,
do it for a few weeks or months
and then I would come in late
a few times too often and lose the job....,
or I would not show up at all....

One time I used too many drugs and got into a coma,
after that I didn't use anymore...

I would still drink alcohol...

In 2007 I got a job as a dishwasher in the restaurant of Landal Greenparcs
in city Doetinchem, where I live...

I did that for about a year and then I learned to prepare salads and
desserts....

And I started working in the kitchen there....

Eventually after 3 or 4 years I learned to prepare dishes of steak and
salmon....

I went to school 1 day in the week,
the company payed for it,

to get a diploma or certificate for being a cook...

I still lived with my mother ,
earned every month
and didn't have much expenses,
because mama payed most living expenses...
I gave her money....

I started to get interested in finance...
I read a lot of books and took a couple of homestudy courses
looking for a system
to grow my money...

I would drink beer about everyday,
every evening after work...

in 2010 I collapsed.....

I thought if I keep up my drinking habit,
I will destroy myself...

So I quit drinking alcohol....

Avoided going out to bars and discotheques...
where there was booze...

In 2011 when I was clean and sober
for a while....

At workin the kitchen
I started hallucinating...
severly....

It scared me...
I didn't want to go crazy...

The chef would notice it
and send me home...

For a while I just worked 3 days a week...
but that didn't help...

I couldn't sleep right,
had some sleepless nights....
Before going to work the next day...

Eventually I got fired
in 2012.....

I got a unemployment benefit
for about 8 months....
I received about 800 euro monthly ...

Then that ended
and I was looking for a job....
I didn't want to do the manual labor jobs for the rest of my life...
and I also didn't want to work in the kitchen anymore...

So I started my own company....
Investment firm Jasko...

I invested my own money in mutual funds...
I found a few customers and also invested their money....
I payed out the promised 10% annual return to them....

But I only managed 1600 euros in the portfolio....
If I had an return of 10% on it,
that is just 160 euros...

I couldn't live from that...

I delivered advertizing and newspapers on the side
and I wento to work as a manual laborer...
to increase my income....

I was broke most of the time....

Eventually I closed the company...

Started looking for work again...
visited a lot of companies with my resumee,
but not one had a job for me....

My mother couldn't stand it anymore
and put me on the street
for one night...

It was bad....
No money
no phoneno credit...
no help
nothing....

I slept outside one night on the street....

My sister came back to live with me and my mother...
she had a lot of debt....she worked in sales...
door to door selling...

My bills and debts started to pile up....

It was a tough time for us....

My sister and her boyfriend gave me an opportunity
to sell packages of greetingcards

door to door...

They trained me in selling...

and I went out selling, even before I was completely ready....

I knocked on some doors, found a few customers
and kept doing it....

Shortly after that I started my
2nd company
establishment Hajro
that sells packages of greetingcards,
door to door...

that was on september 1st 2015...

I still do that work....

This is my 6th year in being an entrepreneur with my company Hajro...

I earned about 100 euros a month in the first year...

I aerned about 200 euros a month in the 2nd year

I earned about 300 euros a month in the 3rd year

I earned about 400 euros a month in the 4th year

I earned about 480 euros a month in the 5th year...

I also wrote a lot of books and booklets in those years...

In the beginning I was scattered with my focus and activity

trying to build an online store...

then when I got it finished

I couldn't pay for the website and it went offline...

then I had to start all over again...

What I earned was still not enough to pay for living expenses

and to move out of my mothers house...

Nor could I pay my mother a decent amount every month....

I would still have hallucinations in those years...

it was stressful and they made me very paranoid....

I had applied for help from the government

for my income...

I got rejected about 5 or 6 times....

Eventually in september 2020

I got subsidy approved....

I would get 650 euros a month

and my earnings from my company Hajro would be

deducted from that....

Finally a bit stability in my finances....

I also got into a program for my debts...
and 3 years from now
I will be debtfree

Hooray
Finally...

About a year ago I received medication
for my hallucinations...
and it helps....
They don't happen as frequently anymore...

I have more peace of mind....

But the help came about 10 years too late...

we , as a family have been thru hell

I've written this short booklet,
to get some things off my chest...
I don't know If you can learn anything from it....

Maybe that “you should ask for help
and don't stop untill you get it”

If you want lifetime employment,
get into sales, door to door selling.....

Save money, you will always need it....

Be a good person, help others,
but help yourself first....

Hello,

how are you doing?

Thank you for your interest in my lifestory....

By now, august 6th 2021,
I have moved to Asterstraat 7
in Zelhem, the Netherlands,
to a small village,
with less than 10thousand people
living here.

For the first time in my life,

I am living by myself...

I've been busy with moving and painting the house,

I also made some sales,
sold some packages of my unique greetingcards
and found my first customers
in Zelhem.

I also jogged around the block for the first time, here...

I am still operating my company Hajro...
and I get a subsidy from the government
which helps pay my living expenses.

I've gotten a lot of help from my mother, her boyfriend,
my sister, her husband
and from my father...

It's very quiet and peaceful here, to live...

I was thinking about a new book....
About a great king,
a new project,
a bit different from all my other books....

My sisters kids also visited me,
I enjoyed their energy and enthusiasm....

It's been a busy time.,
and now I take some days off
to rest....
